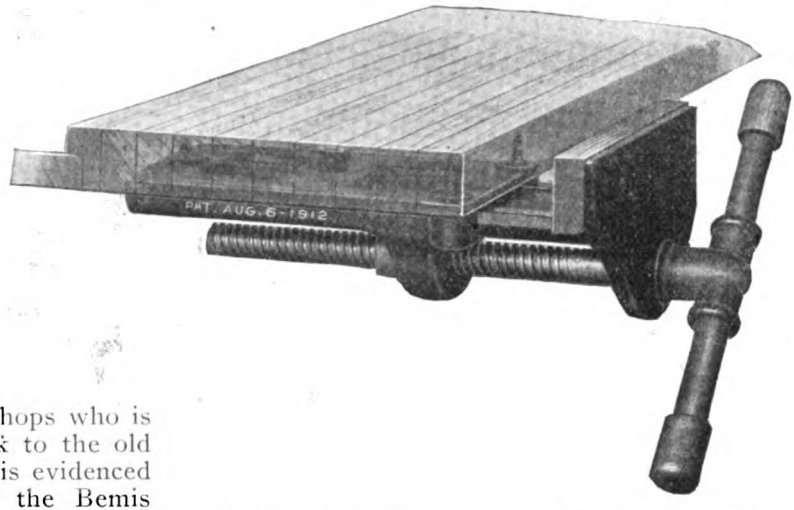
Bemis Standard Vises



That the director of school shops who is a real mechanic has come back to the old reliable continuous screw vise, is evidenced by the immense demand for the Bemis Standard Vise. Patented.

This vise is sold for a price that defies competition.

It gives the most service for the least money. It does not catch, slip or let go when once tightened in place. It is easily applied to bench top from 1¾"-2½" thick. No cutting, simply a one inch hole bored in the bottom of bench top. It has a fast running continuous screw which makes it quick and positive.

When building your own benches, this is the vise you want.

Made in one size, but three styles. Plain head vise—Head vise with dog—Tail vise with dog for holding work on top of bench.

Write for circular giving prices, etc.
